

Welcome to Värö United Football

Dear parents and new player, welcome to Värö United, a football association created by Bua IF, IF Norvalla and Väröbacka GIF in order to run, in cooperation, joint youth activities. All boys' and girls' teams train and participate in football leagues, matches and cups under the name Värö United. The activities of Värö United are regulated by a cooperation agreement between the three member associations.

A coordination group, consisting of representatives from the associations, is responsible for the operational activities. In addition, some people are responsible for certain areas of work.

Our teams, both for boys and girls, are organized by age. Each team has leaders educated according to the rules of the Swedish Football Association. The Leaders of each team communicate times and dates for trainings and matches etc. This is normally done through the Mobile APP called Spond. If you provide us with one of the parents e-mail address or mobile number we will send you an invitation to participate in your child's team group.

We also need to register your child as member in one of our member associations, Bua IF, IF Norvalla and Väröbacka GIF, and we will provide you with a registry form that we would like you to fill in and return to the leader of your child's team.

In order for your child to play matches with his team and also be properly insured should he or she get hurt we also need a second registration made at the Swedish Football Association. If and when your child want to play matches please inform the leaders of his or her team and they will provide you with the appropriate form to be filled in and signed by player and legal guardians.

The leaders of your child's Team are:

Leader	Phone	E-mail

Thank you very much for your time and consideration.
